*(Coauthors: Assembly Members Ammiano, Hill, Portantino, Williams,
and Yamada)*

January 17, 2012

An act to add Sections 15927 and 15928 to the Welfare and Institutions Code, relating to health and human services.

LEGISLATIVE COUNSEL'S DIGEST

SB 970, as amended, De León. Health Care Reform Eligibility, Enrollment, and Retention Planning Act: coordination with other programs.

Existing law, the Health Care Reform Eligibility, Enrollment, and Retention Planning Act, requires the California Health and Human Services Agency, in consultation with specified entities, to establish standardized single, accessible application forms and related renewal procedures for state health subsidy programs, as defined, in accordance with specified requirements.

This bill would require a county human services department to allow an applicant initially applying for, or renewing, health care coverage using the single state application developed pursuant to the act, with the applicant's consent, to have his or her application information used to simultaneously initiate applications for CalWORKs and CalFresh, and would similarly require the county to assess CalFresh recipients for potential state health subsidy program eligibility, as specified. The bill would require the California Health and Human Services Agency to convene a workgroup of human services and health care advocates,

legislative staff, and other specified representatives, to identify other human services and work support programs that might be integrated into this cross-application process. Implementation of the process created by the bill would be required by December 31, 2015, except as specified.

By imposing new duties on counties, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
